Message from Mr. David Furcajg, CFTE, MFTA
Head of 3rd Wave Consult
IFTA Board Member

Dear friends from Japan,

It's been 15 years I have been working as a professional market strategist and my point is that there is always something new to learn.

As head of 3rd Wave Consult (www.3rdwaveconsult.com), I need to keep up-to-date about new technics and theories. And, the unique opportunity to achieve this goal takes place once a year during the IFTA international conference in October. This conference gathers the best market technicians from across the world. Hence the best way to share ideas, methods and feelings about Technical Analysis.

IFTA conference is also the only way to meet new colleagues from other countries. I have attended many conferences, and I've built friendships and contacts with Market Technicians from many countries. Indeed, during four days rises the opportunity to network and make new business contacts. Actually, I wouldn't know as much as Market Technicians from foreign countries without a regular attendance to this event!

This year the conference will take place in one of the most famous hub of financial markets: Singapore. And, IFTA scheduled a sound conference program with well known speakers. No doubt your attendance will be a good investment.

Hope to meet you soon in Singapore !

David Furcajg, CFTE, MFTA
Head of 3rd Wave Consult
