Message from Mr. Maurizio Milano
Board Member of
SIAT (Association of the Italian Technical Analysts)

My dear Japanese friends,

My name is Maurizio Milano. I serve on the board of SIAT, the Italian association of technical analysis, and I am looking forward to meeting you all at the next IFTA Conference in Singapore. During the "power hour" I will suggest some trading ideas, regarding currencies, bonds and commodities. I do hope you'll be able to participate at this important event for technical analysis.

See you in Singapore!

Maurizio Milano
