**Technical Securities Analysts Association of San Francisco (TSAASF)**

Dear NTAA members:

I am grateful for the opportunity to introduce myself to the NTAA members. My name is Roman Bogomazov and I am a Program Coordinator and a Board Member for the TSAASF (Technical Securities Analysts Association) and an Adjunct Professor at GGU (Golden Gate University) in San Francisco.

TSAASF is the oldest technical market analysis organization in the United States. Our main goal is to educate our members on the most effective technical analysis tools and methods. We are very happy to receive the honor of hosting the IFTA 2013 annual conference. On behalf of all of the TSAASF members I would like to invite you to visit our wonderful city by the bay and attend the IFTA conference in October of 2013!

Golden Gate University is the only accredited university in the United States that has a graduate degree program in technical market analysis. As an Adjunct Professor at Golden Gate University, and with Professor Pruden, I oversee a curriculum for Certificate of Technical Market Analysis. Please look at the upcoming TMA classes: <http://www.ggu.edu/programs/finance/graduate-certificate-in-technical-market-analysis>. We are excited to have all of the classes online now.

I am delighted to attend, present, and meet all of you at the upcoming IFTA conference in Singapore. Please do not hesitate to contact me at [rbogomazov@ggu.edu](mailto:rbogomazov@ggu.edu).

Thank you again for this opportunity to introduce myself to your group.

Respectfully,

**Roman Bogomazov**  
Adjunct Professor, Golden Gate University, San Francisco  
Board member and a program coordinator for the
