

ジャシнта・チャン博士から  
NTAA 会員へのメッセージ  
2012 年 IFTA シンガポール大会に向けて

**Message from Ms. Jacinta Chan, Ph.D**  
**Author of Financial Times Guide to Technical Analysis**  
**Kuala Lumpur, Malaysia**

Hello my friends in Japan,

It will be my pleasure to meet you and learn new technical analysis ideas together. I totally agree that this conference is a great learning opportunity for everyone, for many esteemed technicians, including distinguished speakers from NTAA, are presenting their findings. I look forward to all these presentations and to discover new areas of possible development and collaboration.

In the power hour, entitled, "Technical Analysis Strategies that may be Successful in the Near Future", I will be speaking on adjustable moving average and standard deviation bands, which is my area of research and thesis. I know there are many friends in this coming conference who are experts in these areas, and I look forward to learning and sharing new ideas together. It will be great if even more friends come forward and together to share their ideas because it is in sharing ideas that we, and the field of Technical Analysis, can grow and develop.

So, I look forward to meeting all of you in Singapore in this coming conference. As you know, Malaysia is just a causeway away from Singapore; I welcome you all to this region.

Warmest greetings from Malaysia,

Jacinta
